Report Description

This research study analyzes the market for zonal isolation in terms of revenue (US\$ Mn). The zonal isolation market has been segmented on the basis of technology, application, and geography. The geographical segmentation includes regions which are further divided into twelve countries (major markets for zonal isolation). For the research, 2014 has been taken as the base year, while all forecasts have been given for the period from 2016 to 2024.

Market data for all the segments has been provided at the regional as well as country-specific level from 2016 to 2024. The report provides a broad competitive analysis of companies engaged in the zonal isolation business. The report also includes the key market dynamics such as drivers, restraints, and opportunities affecting the global zonal isolation market. These market dynamics were analyzed in detail and are illustrated in the report with the help of supporting graphs and tables. The report also provides a comprehensive analysis of the global zonal isolation market with the help of Porter's Five Forces model. This analysis helps in understanding the five major forces that affect the structure and profitability of the global zonal isolation market. The forces analyzed are bargaining power of buyers, bargaining power of suppliers, threat of new entrants, threat of substitutes, and degree of competition. The report also provides the pricing trend and product differentiation for different zonal isolation technologies.

The high-level analysis in the report provides detailed insights into the zonal isolation business globally. There are currently numerous drivers of the market. The most prominent drivers include increasing exploration of unconventional resources and rapidly increasing offshore exploration and production activities. Market attractiveness analysis was carried out for the zonal isolation market on the basis of end-use. Market attractiveness was estimated on the basis of common parameters that directly impact the market in different regions.

The zonal isolation market was segmented on the basis of technology (mechanical and chemical zonal isolation), application (onshore and offshore zonal isolation), and geography. The zonal isolation market was analyzed across five geographies: North America, Asia Pacific, Europe, Middle East, and Rest of the World. Regional data has been provided for each sub-segment of the zonal isolation market. Key players in the zonal isolation market include Schlumberger Limited, Superior Energy Services, Inc., Weatherford International, Baker Hughes, Inc., Halliburton Company, Nabors Industries Ltd., Trican Well Service Ltd., Expro International Group Holdings Ltd., Aker Solutions ASA, and Tendeka.

Zonal Isolation Market: By Technology

- Mechanical Zonal Isolation
 - Sliding Sleeves
 - Packers
 - Perforated/Slotted Liners
 - Plugs
- Chemical Zonal Isolation
 - Polymer Gels
 - Monomer Systems
 - Bio Polymers
 - Elastomers
 - Others

Zonal Isolation Market: By Application

- Onshore Zonal Isolation
- Offshore Zonal Isolation

Zonal Isolation Market: By Region

- North America
 - U.S.
 - Canada
 - Mexico
- Europe

- U.K.
- Norway
- Rest of Europe
- Asia Pacific
- China
- India
- Rest of Asia Pacific
- Middle East
- Saudi Arabia
- Iran
- Rest of Middle East
- Rest of the World

Table of Content

Section 01 Preface

Report Description

Market Segmentation

Research Scope

Research Methodology

Section 02 Executive Summary

Global Zonal Isolation Revenue (US\$ Mn), 2014-2024

Global Zonal Isolation Market: Snapshot

Section 03 Industry Analysis

Introduction

Market Overview ? Value Chain Analysis

Drivers, Restraints, Opportunities

Porter's Five Force Analysis

Company Market Share – Zonal Isolation Market (2014)

Market Attractiveness Analysis

Global Pricing Trend Analysis, By Technology (US\$)

Product Differentiation

Section 04 Technology Segment Analysis

Global Mechanical Zonal Isolation Market

Global Chemical Zonal Isolation Market

Section 05 Application Segment Analysis

Global Onshore Zonal Isolation Market

Global Offshore Zonal Isolation Market

Section 06 Geographical Segment Analysis

Global Zonal Isolation Market – Regional Overview

Zonal Isolation Market – North America

U.S. Zonal Isolation Market

Canada Zonal Isolation Market

Mexico Zonal Isolation Market

Zonal Isolation Market – Europe

U.K. Zonal Isolation Market

Norway Zonal Isolation Market

Rest of Europe Zonal Isolation Market

Zonal Isolation Market – Asia Pacific

China Zonal Isolation Market

India Zonal Isolation Market

Rest of Asia Pacific Zonal Isolation Market

Zonal Isolation Market – Middle East

Saudi Arabia Zonal Isolation Market

Iran Zonal Isolation Market

Rest of Middle East Zonal Isolation Market

Zonal Isolation Market – Rest of World

Section 07 Company Profiles

Schlumberger Limited

Superior Energy Services, Inc.

Weatherford International

Baker Hughes, Inc.

Halliburton Company

Nabors Industries Ltd.

TricanWell Service Ltd

Expro International Group Holdings Ltd.

Aker Solutions, ASA

Tendeka
